

2018 SUMMER SCHOOL PROGRAM
Northbrook School District 28

The Northbrook 28 Summer School Program offers a wide variety of enrichment opportunities for students that will be entering 1st through 8th grade. We are offering four class periods of summer school from 9:00a.m. until 12:55p.m. All classes will be 55 minutes in length. **Please note: your son or daughter should be enrolled in classes that reflect the grade he or she will be entering in the 2018-2019 school year.** For example, if your child is currently a third grader, you would enroll him or her in classes designated as a fourth grade class. Summer school registration will be open to residents of Northbrook School District 28 only for this year.

2018 Summer School Program will take place at Westmoor School due to a construction project at NBJH. The temporary relocation of our Summer School Program will be limited by the space available. This will limit classes offered and enrollment, especially for incoming 7th & 8th grade students.

Classes begin Thursday, June 7th, and continue through Tuesday, July 3th, 2018. These dates are subject to change if additional emergency days are used in the district. The cost per class is \$105, and some classes have additional lab fees.

You will find the registration online on our District website under Programs/Summer School. Click the "button" on the page and it will connect you to Active Network, the district online registration system. Registration will begin for District 28 on March 5th at 7:00 a.m. Registration ends for all students on April 20th at noon. No late registrations will be accepted. **Tuition is non-refundable except in the case of class cancellation.** If you need assistance, please contact Lisa Tenuta (847) 504-3424 or e-mail @ summerschool@northbrook28.net. You can set an appointment with Lisa to assist you with your registration. Some classes are very popular and fill up fast, so please register as soon as possible.

Classes marked with an *asterisk in Period 4 are designated as a "snack" class. Your child can bring a snack into those classes. During summer school, we cannot guarantee an allergy-free environment. Due to student allergies, we are requesting that children refrain from bringing any peanut products to summer school, including peanut butter sandwiches, granola bars, trail mix, etc. Please note that in our one food class, Discovering Healthy Eating, we cannot guarantee an allergy free environment. **If your child is not enrolled in a "snack" class, you may not bring food into school.** Please see our District 28 snack guidelines for more information.

If your child will be absent from summer school, we request that you notify the summer school office by emailing summerschool@northbrook28.net or by calling 847-498-7960 and leaving a message at any time. Attendance is taken in each class period and your help with this will ensure that all students arrive to school safely.

Throughout summer school, **photos and/or videos of students** are included in District publications, on the District's website, and on District-administered social media. Images or videos of students may be used in electronic, video, or printed form. From time to time, news and other organizations may include photos and videos of students in their publications and on their television stations and/or websites. Occasionally, news outlets may publish students' first and last names. If you do not want your child to be featured in these types of pieces, please notify the Summer School Director, Rosanne Dwyer in writing before the beginning of summer school.

If you have questions, please contact Lisa Tenuta at the District Office at (847) 504-3424 or e-mail @ summerschool@northbrook28.net. In addition, please feel free to contact us if you have any questions or if we can be of assistance. If your child has special needs or requires accommodations, please call us. We look forward to working with you and your child this summer.

Sincerely,

Rosanne Dwyer
Summer School Director
